

Nutrisslim®

YOUR HEALTHY LIFESTYLE

2023

Changing your lifestyle *can be a difficult task...*

OUR STORY

Each one of us has a different path of life, different experiences and different habits. Some have an easier path, others a harder one. But it is alwatteb syer if we are not alone on the path to health!

Therefore, at Nature's Finest, we have been working for more than 13 years to offer natural solutions for anyone who wants to overcome the problems and the inconveniences they face, with a healthy lifestyle. Everyone has to start somewhere. So, our job is to make your first steps easier!

HOW IT ALL BEGAN?

In 2010, Bojan Kržič, the founder and owner of the Nutrislim, and Michel Montignac, a world-famous guru of healthy eating, ~~for~~ years of friendship decided to embark on a joint business journey. Together, under the auspices of Nutrislim, they launched a line of healthy and dietetic products, and offered them to customers across Europe.

Michel Montignac, also known as creator of the famous Montignac diet, author of more than 30 books that have been translated into more that 40 languages and published in more that 16 million copies, has combined all the wealth of his knowledge into a line of products, which were offered to the wide European population through Bojan's company.

and so, began the successful story of Nutrislim

WHO WE ARE

Mission & ethos

We offer a botanically based, scientifically driven, potent range of supplements & foods that maximises all areas of human health, improving the quality of life.

Powered by Nature

Our products harness the true power of nature by using the most effective natural ingredients from around the globe, steeped in history for their ability to boost human health and performance.

Rooted in Science

Science remains firmly at the heart of everything we do. We use the latest scientific proven and patented formulas in our most efficacious products that combine science and nature.

Effective and Transparent

We select with care the most effective clinically proven ingredients with the highest bioavailability and concentration of active molecules. All our products and processes from R&D, sourcing, production, warehousing, distribution... are third-party tested and follow the highest Good Manufacturing Practices. All our products are IFS Food Global Markets certified under registration no.: 00063/0. Organic products are certified by KON-CERT under certified no.: EPR-26420/22-1.

Tailored to Customer needs

Customer is the centre of our intention. Everything we do revolves around our customer. From R&D, marketing, sales, communication, customer surveys... everything!

ORGANIC * VEGAN * RAW * GMO FREE * NO PESTICIDES * WHOLESOME * NO REFINED SUGAR

WHAT MAKES US DIFFERENT

1

We take care of you... and your family

We truly believe that we all deserve access to quality, wholesome and healthy foods, that nourish our body and ensure a healthy and happy life

2

Quality first... always

Because we know that you value quality, we use only 100% natural and organic ingredients, produced in the traditional way, without additives or unnecessary processing.

3

Supported by science

We are determined to always offer only the most effective products that are supported by science, and by that we reliably help you to get results!

4

Transparency comes first

Because you deserve to know what you are putting into your body! That is why you will never find hidden additives, artificial colours, sweeteners or preservatives in our products!

5

Recognized and awarded formulas

We invest a lot of time, attention and energy in the development of our formulas and products, and are constantly looking for ways to improve our products. Our proofs are the Innovation of the Year and Product of the Year awards, which we received for our wide range of healthy breakfast cereals.

6

We are enthusiastic about the future... and new products

We always look ahead and never stop! The new challenges excite us, and every time we get one of your success stories, it just confirms to us that we are doing something right!

7

Value is what we offer

We obtain all the ingredients directly from the producers, and thus avoid unnecessary intermediaries, which allows us to offer the best prices for you!

8

For every age and every lifestyle

With a wide selection of products for all ages and lifestyle, we are sure that you too will find exactly what you need!

9

Ethically produced ingredients

By choosing ingredients directly from the producers, we are supporting small family farmers and indigenous communities around the world. Whenever possible, we connect directly with our suppliers, to ensure fair work practices and help with production development.

10

We care about our planet

Our concern for the environment does not end with the ingredients. When choosing packaging, we are constantly pushing the boundaries of what is possible, and we are ensuring the most favourable and sustainable way of working.

11

Customer orientated

We put the needs of the customer over the needs of the business. We understand that the business won't thrive unless it consistently improves customer focus therefore our goal is always a customer delight.

nature's[®]
FINEST

— FOOD SCIENCE —

BRAND POSITIONING

Great quality at affordable price!

Nature's finest is affordably positioned within the group of natural food supplements, superfoods, organic foods and functional foods.

We use strategically the performance marketing as a tool to scale the brand recognition and sales performance at the same time. From push to pull!

BRAND PROMISE

With consistent brand tagline placement in our communication, we pursue the appearance of being presented as the most natural brand in our product group. Our unique message sets us apart from the competition in terms of having unique brand USP and at the same time our brand promise is accepted by the consumers as a high buying decision value. The credible personal storytelling plays a central role in communication as it adds authority, trustfulness and credibility to the brand.

With the consistent brand promise communication and consistent brand theme placement - brand identity, color scheme and font, the brand will captivate a broad awareness among consumers.

Delivering the most natural products to your home

WHAT WE BRING TO THE TABLE

Good value for money 🌿 Efficient results 🌿 Delightful experience

🌿 Being safe and reliable 🌿 Most natural products

OUR CONSUMER? EVERYONE!

As a brand we don't target a specific target group. Our focus is everybody interested in natural health, wellbeing, fitness lifestyle, organic and sustainable life. We target all age groups, but most popular audience are women aged 30 - 45.

As per a product we target a specific audience and always with a tailored solution for their needs.

HOW CONSUMER FEELS ABOUT US...

energised, beautiful, rejuvenated, completed, revitalised.

HOW WE DESCRIBE OUR CONSUMER

You choose the best 🌿 You choose nature 🌿 You choose knowledge

🌿 You live sustainable lifestyle 🌿 Your health is your priority

SLIMMING WITH A LITTLE HELP OF DETOX

We believe in a healthy lifestyle and that is why we brought you our very special and natural range of detox teas to help you keep energised and promote healthy weight loss. Being healthy, staying healthy is our goal and it is also our aim to help you be this way with a large dose of happiness!

DAYTIME

DETOX TEA is designed to fill you with energy and helps in metabolic functions. It is a great alternative to the morning coffee.

What is inside and how does it work?

- Oolong tea is a type of green tea.
- Mate tea invigorates and helps to contribute to tiredness. It stimulates metabolism of fats and helps to regulate body weight.
- Ginger helps to maintain the body's immune resistance. It helps to maintain healthy blood sugar levels and contributes to the normal functioning of digestion.
- Fennel seeds are known for their effect to prevent belly bloating.
- Lemongrass is an aromatic citrus-like flavoured plant-
- Dandelion leaf helps to simulate digestion and helps to maintain the pH balance in the stomach.
- Ginseng helps to maintain vitality and vigilance. Besides that, it helps to maintain normal glucose levels.

BEDTIME

DETOX TEA is designed to contribute to the purification of the body causing the reduced flatulence possibility. It is perfect before bedtime since it relaxes and contributes to quiet sleep.

What is inside and how does it work?

- Lotus leaves have been used for years in tea blends.
- Peppermint leaves contribute to the optimal relaxation of the body, contribute to quiet sleep and support the immune system.
- Fenugreek seeds cleanse the intestines and are responsible for our digestive system. They regulate appetite and help in weight loss.
- Liquorice root helps to maintain energy levels and helps to support digestion and weight loss.
- Burdock root helps to control blood sugar concentrations and supports digestion.
- Hawthorn fruit contributes to better sleep and decreases irritability.

Just the **WHEY** PROTEIN *force*

ALL NATURAL NON GMO NO SUGAR ADDED

Ultimate Muscle Building Nutrition for everybody!

From just wanting to lose a bit of weight and get in shape, to the athlete who wants to maximize their gains in the gym – our new Whey protein line with protein powders, protein oatmeal porridges and calorie-friendly desserts is the sports nutrition you need to get results!

Easy on the digestion and without bloating

Our revolutionary formulas combine WHEY and plant protein to super-charge your muscle growth and cover all the essential amino acids required for building and maintaining muscle.

With the addition of DigeZyme™ enzymes that support optimal digestibility and help prevent bloating – we helped eliminate one of the most common issues users have with protein supplements.

And if you're looking to slim down as fast as possible, while still maintaining and building muscle, we also developed a specialized slimming protein with highly researched fat burning natural ingredients to help you get your dream body in the shortest time possible.

Just the **VEGAN PROTEIN** force

100% Plant-Based Proteins & Superfoods

A blend of all the best nutrient dense superfoods to nourish and sustain you on the journey of life.

How much protein you consume is not as important as how much protein your body can actually digest. Raw, plant-based and powerful protein shakes with up to astonishing 75% protein boost designed to meet your maximum body post work out needs.

Plant-Based Protein Shakes that Truly Taste Great! Creamy and delicious!

Each ingredient was chosen for its ability to deliver the most nutrient concentrations while providing a smooth pleasant taste. The protein base blend features a complete amino acid profile through a specific combination of pea protein, brown rice protein, whole chia seed powder and quinoa seed powder. Unlike most plant-based protein powders, it isn't gritty or tasteless. It dissolves easily in your favourite smoothie, almond milk, or even water, and it's delicious.

Bottom line.....you get a whole lot more out of your protein shake than ever before!

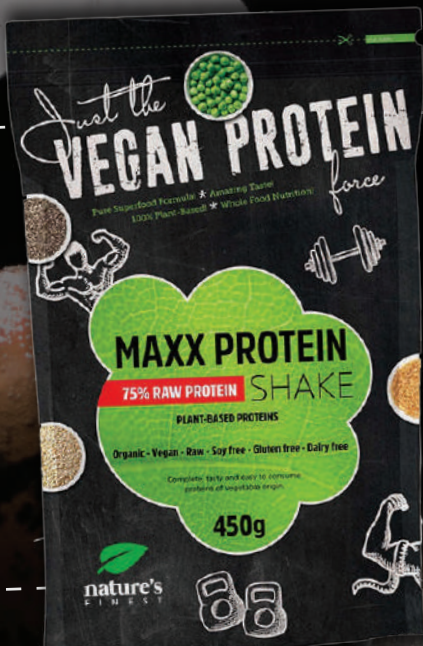

Chocolate or Vanilla flavour Raw Protein Shake

Complete, tasty and easy to consume proteins of vegetable origin in a Chocolate or Vanilla flavour shake. 70% Protein in Vanilla shake or 63% Protein in Chocolate shake which both base is made of powerful Pea, whole grain Rice, Chia and Quinoa Proteins. Plant-Based Protein Shakes that Truly Taste Great! Creamy and delicious!

Chocolate or Vanilla flavour All-Body Meal Shake

All your essentials in one complete, tasty and easy to consume blend of organic superfoods and plant-based proteins. The most nutrient dense meal to nourish and sustain you on the journey of life. The delicious All-Body Meal blocks hunger and provides your body with the essential nutrients!

Maxx 75% Raw Protein Shake

Complete, tasty and easy to consume proteins of vegetable origin. A powerful Pea, whole grain Rice, Chia and Quinoa Proteins enhanced with organic Tribulus Terrestris formula. Whooping 75% Proteins from Multi-Source Plants.

Chocolate or Vanilla flavour Raw Protein Pudding

Guilt-free desert or post-workout fuel for your body! With only 88 kcal and 0,1 g of sugar per serving. Pudding with divine chocolate or vanilla taste and smooth creamy texture. Protein blend made entirely from plant based proteins. For great taste sweetened with erythritol and stevia. Suitable for all people with sweet tooth which refuse to eat extra calories.

- Contributes to normal function of bones, teeth, cartilage, gums, skin and blood vessels
- Contributes to the normal functions of the immune system

For flexible joints or beautiful skin, hair and nails.

Beauty Hyaluron

Have you ever wondered what keeps our skin radiant, smooth and supple? The answer is simple: youthful skin contains a higher concentration of collagen and hyaluronic acid.

As the skin ages, our cells produce less collagen and hyaluronic acid. This results in a loss of hydration, volume and elasticity. Lines and wrinkles appear, and the skin looks more and more dull.

If we want to fix this, we have to replace these two building blocks of youthful skin – now this is possible with Beauty Hyaluron!

Beauty Collagen

For beautiful hair, skin and nails!

Beauty Collagen drink contains collagen enriched with hyaluronic acid and coenzyme Q10 for triple action. It nourishes and hydrates the skin, and in addition, sufficient skin hydration allows the skin to be elastic and prevents wrinkle formation. Vitamin C and zinc help protect cells from oxidative damage, and biotin helps maintain normal skin and hair.

Plant Collagen + Hyaluron

Plant Collagen booster with hyaluron for healthy skin and stimulating natural collagen synthesis.

Helps maintain healthy skin
Takes care of skin elasticity
It contributes to the normal synthesis of collagen, which declines over the years
Protects cells from oxidative damage
With added Hyaluron
Sugarfree
Vegan

Joint Care Collagen

Advanced joint formula with measurable recovery results! Fruity taste.

With four active ingredients and patented collagen Fortigel®, MSM, rosehip and camu camu. Clinical studies have showed that consumption of Fortigel results in improvement mobility of joints in healthy individuals. Fortigel collagen peptides can have an influence on cartilage tissue regeneration. Daily intake of 5 g of Fortigel has a beneficial impact on physical function of joints, accompanied with significant reduction of stiffness and pain relief after just three weeks. Rosehip helps to increase joint mobility.

Skin Care Collagen

Reduces wrinkles and improves skin elasticity! Fruity taste!

With premium fish collagen Naticol®, MSM and superfoods beneficial for skin health. Naticol is patented formula for which Clinical studies have shown improved skin elasticity and reduction of wrinkle appearance after consumption of 5 g of Naticol per day for 8 weeks. Also, skin complexion homogeneity and radiance improve after consumption of 2,5 g of Naticol per day for 8 weeks.

100% Pure Collagen

Completely pure and natural collagen

Natural and 100% pure hydrolysed collagen peptides which are easily absorbed by the body.

Whether you're a purist who only eats whole foods, a foodie looking for new ideas, or a busy on-the-go professional, there's a healthy snack for everyone.

SNACKS

SUPERFOODS

Super food is food which is extremely rich in nutritional value. Well, more like food it is used as food supplement. The simplest way it can be defined as a food with a high content of health beneficial substances such as antioxidants, minerals, vitamins, essential fatty acids and proteins. Most of these nutrients work as antioxidants on our body, which means that they bind harmful free radicals and eliminate them from the human body. To preserve superfood's nutritional integrity, they must be minimally-processed, using traditional methods or low-temperature technologies.

Acai

Have more antioxidants than any other fruit on the world. Organic acai powder (freeze-dried) is made from acai berries that grows only in the Brazilian Amazon and on Colombia's Pacific Coast, super fruits with tremendous health benefits.

Acerola

Acerola powder is derived from the acerola cherry, one of nature's highest sources of vitamin C. Originally from Central America, the Acerola fruit change their color during ripening from green to yellow, to dark red.

Alfalfa Leaf

Alfalfa powder is made from fresh, green, vigorously growing plants of Medicago sativa and contains no additives or artificial colours. Alfalfa seeds have been used as an herbal medicine for over 1,500 years. Alfalfa seeds are high in protein, calcium, plus other minerals, vitamin A, vitamins in the B group, vitamin C, vitamin D, vitamin E, and vitamin K.

Ashwagandha

Ashwagandha, one of the most vital herbs in Ayurvedic healing, has been used since ancient times for a wide variety of conditions, but is most well known for its restorative benefits. In Sanskrit ashwagandha means "the smell of a horse," indicating that the herb imparts the vigour and strength of a stallion.

Baobab Fruit

Baobab fruit powder is a powerful new superfood and Africa's best-kept secret until now. It's known as the "Tree of Life" and has been cherished by locals across the African continent for centuries. It has a unique nutritional profile, with more Vitamin C than oranges, more iron than red meat and a rich content of alkalising minerals: calcium, potassium and magnesium.

Kelp

Kelp (Kombu) are large seaweeds which grow in nutrient-rich underwater in shallow oceans. It is rich in minerals such as calcium, magnesium, and iron etc. Kelp is also famous for its rich content of iodine, which is an important element keeping our thyroid working properly.

Lucuma

Organic lucuma powder is a natural sweetener prepared from the delicious Peruvian lucuma fruit. It contains a variety of nutrients, including vitamins, minerals and fibre and makes a delicious addition to shakes, smoothies and protein drinks and is an ideal sugar substitute in desserts and cakes.

Barley Grass

Barley Grass is one of the earliest cultivated foods on the planet, apparently eaten by gladiators for strength and stamina. A natural 'superfood', barley grass is a rich and balanced source of vitamins, minerals, amino acids and enzymes.

SUPERFOODS

Maca

An energising and revitalising superfood of the Incas. Jam packed with vitamins, minerals, enzymes and all the essential amino acids. Grown at 4,000m above sea level in the Andean district of Junin by the Pumpush people who have been cultivating and consuming Maca as a staple food for thousands of years.

Hemp Protein

Hemp protein powder comes from hemp seeds. It possess all benefits of hemp seeds, in addition, it has very high content of protein (about 50%), which is very easy for our bodies to digest. Our hemp protein powder is completely free of gluten and an optimal ratio between omega 6 to 3 essential fatty acids.. It is full of vitamins, enzymes, and minerals.

Guarana

Guarana is a popular native plant in the Aamazon rain forest in Brazil. Guarana seeds and its powder are similar to caffeine chemically. It increases concentration, enable us to keep a clear head, and ease mental boredom. When mixed with coffee guarana can increase the effect of the caffeine, thus giving us extra energy

Macaccino Drink

Macaccino is a delicious superfood coffee substitute made from Certified Organic Cacao Powder, Maca Root and Coconut Palm Sugar. This incredible blend combines 3 powerful antioxidant rich superfoods into a nutritious, uplifting beverage. This is a healthy and energizing replacement for high caffeine coffee and tea.

Hemp Seeds

Hemp seeds are full of vitamins, enzymes, and minerals. They posses an optimum balance of the essential fatty acids Omega-3 and Omega-6.

Chaga

One of the most important anti-aging supplements yet discovered. Like all medicinal mushrooms Chaga contains the beta glucan rich polysaccharides that give medicinal mushroom extracts their potent immune supporting properties. magnesium.

Himalayan Salt

Himalayan Crystal Salt comes from Himalayan primal seas since the beginning of lives. At that time, there was no pollution, and it was sun-dried naturally. In contrary to the conventional sea salt, Himalayan salt is not refined and does not contain any additives.

Matcha

Matcha is green tea of the best quality. It is a powder, from dried green tea leaves, which are grown in shade, and before processing veins are removed.

Camu Camu

One of the world's most abundant sources of vitamin C—as much as 60 times more C per serving than an orange. Camu Camu is traditionally made into a juice by people of the rainforest to support the immune system, and help maintain optimal health, especially under conditions of stress, which tend to deplete the immune system.

Inca Berry

Prized since ancient times, Inca berries are a delicious superfruit with high levels of phosphorous, vitamin A, vitamin C, vitamin B12 and protein. Inca berries also have high levels of bioflavonoids. These little golden berries are frequently enjoyed by vegans, vegetarians and others looking for a delicious and nutritious treat.

Cacao Powder

Our cacao is of Creole variety, and from Peru. Creole variety is called "The Queen of Cacao" as it produces the highest grade beans. Creole cacao is an ancient variety, non-hybrid, produces "fine and flavor" beans, are the scarcest, most expensive and the most highly regarded for their complex flavour and aroma.

Mulberry

Delicious, fleshy, succulent mulberries are low in calories (just 43 calories per 100 g) and contain health promoting phyto nutrient compounds like polyphenol pigment antioxidants, minerals and vitamins that are essential for optimum health.

Carob

Ultimate cacao substitute, carob is a legume that grows in the Mediterranean regions where it was cultivated for its impressive nutritional value a long time ago. A healthy alternative for children, carob has less fat, more fiber and calcium than cacao.

Cat's Claw

Cats Claw is a South America vine commonly known as Una de Gato and is used traditionally used in Peruvian medicine to treat a variety of health complaints, particularly digestive complaints.

Pea Protein

A delicious alternative source of protein for anyone but especially for vegetarians, vegans or those following restricted diets. Pea Protein is from Peas. It is made from the process of extraction and purification such that the protein is concentrated about 82% in this product.

Moringa

Moringa oleifera is a tree native in India. Its leaves are rich in protein, vitamin A, vitamin B, vitamin C and minerals. Indian people traditionally take it as a supplement. On the other hand, Moringa powder is an excellent addition to many recipes. You can add moringa powder into healthy shakes, sprinkle it in soups and on salads.

Psyllium Husk

Psyllium husk comes from India. Eatable part of the plant are seed shells, forming a wonderful mucus which can help regulate digestion. Psyllium husks contain a lot of insoluble fibres. In contact with water they swell and produce a substance similar to gelatine which has a positive effect on digestion. It is very welcome to those who have haemorrhoids since it softens the excrement.

MSM

MSM stands for Methyl-sulphyl-methane. It is found in various foods, and used by our body to make important enzymes, antibodies, glutathione and connective tissues. MSM is a sulphur supplement. It is an organic sulphur compound (a metabolite of dimethyl sulphoxide), and is a dietary source of sulphur.

Reishi

Reishi Mushroom is called Lingzhi in Chinese. It is a polypore mushroom, and mostly refers to Ganoderma lucidum specie. It has been used in traditional Chinese medicine for more than 2000 years.

Rhodiola Rosea

Rhodiola rosea is also known as Golden Root or Roseroot, and usually found in cold areas and mountains with high elevations. It is mainly the roots of this plant which are consumed by human beings; and there is a long history of human consumption of Rhodiola Rosea, for example, Russians have used this plant for centuries to cope with cold weather.

Rosehip

The rosehip, or rose haw, is the fruit of the rose plant. Rose hips are particularly high in vitamin C content C, one of the richest plant sources. Rose hips also contain some vitamin A and B, essential fatty acids and antioxidant flavonoids.

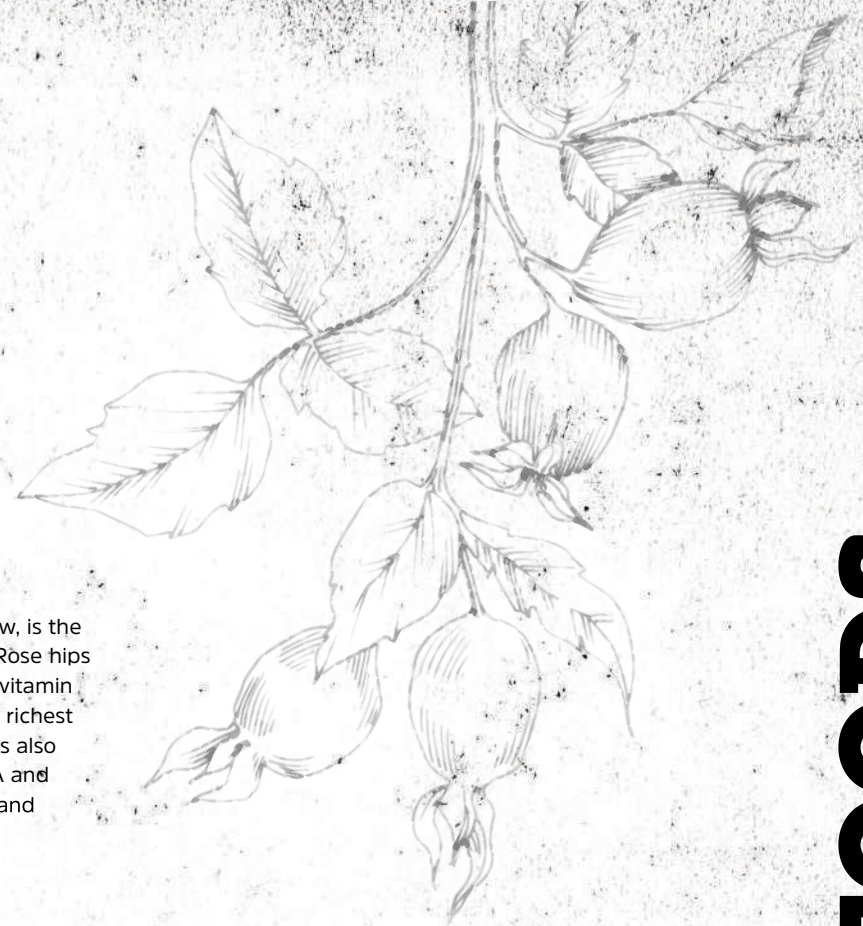

Spirulina

Spirulina is an all natural food source that is made up of a highly nutritious micro salt water plant that is more than 60% proteins and amino acids. It is a blue-green microscopic plant that has existed on our planet for 3.6 billion years and served as a source of nourishment to many civilizations.

Siberian Ginseng

Siberian Ginseng, or Eleuthero, is a wonderful tonic herb of the highest order. It has been used for centuries as a powerful adaptogen, combating the first signs of stress, fatigue and signs of adrenal weakness whilst sustaining long-term energy and wellbeing.

SUPERFOODS

FUNCTIONAL BREAKFAST CEREALS

Everyone knows that a healthy breakfast is the most important meal of the day. A healthy cereal is the best way to ensure you and your family are getting a good nutritional start. MALIE

"Smiley kiddo"

MALIE

"Smiley kiddo"

My name is Malie. I am five years old. I spend my days going to preschool and playing with my friends. I also have a puppy named Coco. She is one of my best friends. We like to lay on the sofa and watch cartoons together. I also like to spend time with my mummy. We cook together a lot. And oh boy, I like all the yummy food she makes. Recently, she came up with something really special. And it's healthy too, she says. Being a lucky little girl, I got the chance to help with her creations. She did the cooking and I did the tasting. So, there I was, sitting behind the table like a princess, trying out all those amazing flavours she was putting on the table. All I had to do is to pick the best ones. For me...and for you! And this is how the story of Malie was born.

Follow me!

#MALIE

#MALIE

Choco Drink & Calcium

Sometimes, after a long day of playing and learning new things – I just need to have some nice, warm cocoa. We created an organic rice drink with cacao and calcium. Sweetened only with coconut sugar, rich in magnesium and iron, this magic drink keeps my teeth healthy and my bones strong.

ORGANIC | VEGAN | NO REFINED SUGAR | WHOLESOME | EASY TO PREPARE

Vitamins and minerals

Calcium

My mom and dad say that I need a lot of calcium, so I will grow up to be a strong girl!

Calcium is a mineral that is very important for maintaining strong bones and teeth. Kids need more calcium as they get older to support their growing bones, which is why MALIE calcium drink is perfect for me!

And what's best? It has a great orange taste, with is my favorite fruit!

Vitamin D3

Maintain an optimal level of Vitamin D, even when you don't get enough sun!

With a safe dose or 400 UI (10 µg) MALIE vitamin D3 helps support optimal calcium absorption, and promotes strong bones, teeth, as well as proper muscle and immune system function! With a delicious lemon flavor and without added sugars!

Vitamin C

As parents we try our best to insure our children get the all the required vitamins through our diet – but we all know that sometimes it doesn't go as planned.. Now we have a solution!

Make sure your kids get the required vitamins to maintain a healthy immune system, and maintain normal function of bones, teeth, gums and skin.

Try our new MALIE Vitamin C in powdered form, with a delicious and fresh lemon aroma and without added sugars.

Porridge Super Fruity

Have you ever heard of mulberries? Mulberries are superfood; they have naturally sweet taste. We mixed them together with some goji berries and figs and this is how the Malie Super Fruity Porridge was created.

Porridge Banana

I am not a monkey – but I love bananas! ;)

We all love everything with bananas in it and that means this porridge too. It tastes yummy! The Malie Bio Banana Porridge is perfect food for kids of all ages, and surely it makes deliciously healthy food for adults too.

Porridge Choco&Coconut

If I had to choose a perfect breakfast, there has to be chocolate in it. We created a chocolate flavoured porridge with a twist of coconut. The chocolate flavour comes from organic cacao acting as an antioxidant. Trust me, it tastes yummy!

Porridge Choco&Banana

It makes an excellent breakfast for me and you. It's easy to prepare with some hot water or any type of plant-based drink or milk. Oats are packed with slow releasing carbs that help stabilise blood sugar and they contain more dietary fibre than any other grain. We added powdered cocoa and bananas for an even better taste.

Babe's
VITAMINCHOICE

OUR STORY

Babe's Vitamins is the perfect line of all natural vitamins, supplements and superfoods that help babes around the world shape their bodies naturally, boost their health and overcome daily challenges!

Made only of the highest quality ingredients that are tailored to meet the unique needs of women.

And because women all deserve to know what they put into their bodies, you will never find inside our products any hidden artificial additives, colours, aromas, or flavour enhancers. We are always true to our nature roots!

Our goal is to help all women live their healthiest, most vibrant lives by providing them with the nutrients they need to support their overall well-being. With Babe's vitamins, you can trust that you are getting the best possible support for your body.

Meet the babe behind the babe's vitamins!

EVA MAHER

"Sometimes it seems almost impossible to feel good in our body. Social pressures, stress, fast food, and other distractions – which you face at almost every turn – can quickly lead you to an unhealthy lifestyle. And when you don't live a healthy life, it always negatively affects your well-being and contentment. I noticed this in myself and so I was convinced that the same thing was happening to other women as well."

This motivated Eva to team up with the Europe's biggest all-natural supplement company Nutrislim and together with their team of health scientist they shared a goal to develop perfectly tailored supplements and healthy formulas addressing all woman's needs. Products they creating are all-natural solution for everyone woman who wants to feel good in their own skin and live the healthy and happy life!

Get ready for the natural body transformation, well-being, and health that begins inside – but it shows on the outside!
